

Interior Design Services

Moving into a new home/office? Renovating the existing one?

Our services can help you save time and money while creating the home of your dreams! Our main goal is to insure our clients' satisfaction, while saving them unnecessary expenditure and achieving a high quality of Interior Design

How can our professional interior design services help you?

- * Small Space Solutions
- * Storage & Living Solutions
- * Space Arrangement & Deco: advice on colors, textures, accessories and furnishings to make any room stunning and individual for you.
- * Feng Shui: achieving harmony and balance using the ancient Asian practice of furniture placement and space design.
- * Lighting
- * Project Management - full fitting service from small room to a complete home. We carry out management of the work making sure that the design is implemented correctly to budget and the completion schedule is followed.
-
- * Cost Control - Once the designs are approved in principle, these can be tendered to different contractors for costing thereby establishing a realistic budget
-
